Description:

sexual harassment happened in school and it became more dangerous for the students that been harassed. the teacher also somehow blackmailed the students that the students became depressed about this and became more suicidal. the parents of the students became worried about this and the teacher who harassed seems not minding his doing and the university did not do anything about this also that became more frustrating. a lot of victims have come out what this teacher do and still no justice have been served. as a schoolmate of this students i would like to report this incident that happened to my fellow classmate please give them justice and please hear the students. thank you and god bless you.

Sincerely,
